The way to grow your business

## FLAGS

In today's market, it's all about being seen & there is no better way to attract attention to your business than road side flags.

We now sell 10 flags to every 1 A-Frame because of their effectiveness in attracting peoples attention through movement.

The great part is that all our flags are double sided with a blockout material in between so you can have a different message each side & unlike other cheaper flags – your logo will not be seen backwards from 1 side.

With full colour printing, almost anything is achievable from text to logos and pictures.

Just ask your Signarama Salisbury contact for more details – PLUS...don't worry if you don't have a design, with an in-house graphic design service, we can help you through the process.
