The way to grow your business

VEHICLE GRAPHICS

No longer a gimmick... Quality vehicle graphics are a sign of a professional company & possibly the most cost effective form of advertising any business could invest in.

Being one of the only fully accredited 3M vehicle application companies in South Australia, we can help you design & implement a professional package with an eye for your intended market.

Lets look at a \$2,000 wrap – with a life expectancy of 3-5 years, that works out to less than \$13 per week for 24/7 advertising (even based on 3 years) & remember your company vehicles will be selling your product in traffic, when they are on site, parked in front of your shop, at the local shopping centre & even at night in employees driveways as neighbours are walking past.

Considering a vehicle costs a company upwards of \$12,000 a year why not make that investment work harder to brand your business?
