CHOOSE A GREENER WAY TO BRAND

Vehicle graphics and wraps designed to **reduce environmental impact** without compromising performance.

Is your supplier: 3M GOLD CERTIFIED

TRADITIONAL	ENVIRO EDGE
PVC based films	PVC-free media
Solvent-based inks	HP Latex water-based inks
Higher VOC emissions	Reduced VOC emissions
Difficult to recycle	More sustainable end-of-life options
Greater environmental impact	Lower environmental impact

See how Enviro Edge compares to conventional vehicle wrap solutions.

REAL IMPACT. REAL CHANGE.

LOWER ENVIRONMENTAL IMPACT

PVC-free media and HP Latex water-based printing help reduce emissions, waste and reliance on traditional PVC materials.

SUPPORTING A CIRCULAR ECONOMY

By choosing more sustainable materials, businesses can help keep resources in use longer and reduce landfill waste.

BETTER FOR THE FUTURE

Every Enviro Edge wrap is designed with environmental responsibility in mind — helping organisations make more sustainable choices without compromising quality.

OUR COMMITMENT

We're committed to innovation, sustainable practices and responsible materials — without compromising on quality, colour or performance.

- PROFESSIONAL QUALITY
- EXPERT DESIGN & INSTALLATION
- RELIABLE PERFORMANCE
